

IMAGE HUNT

Registration:

Teams must register before the deadline. Once registered, teams cannot replace members. Each team can have a maximum of 5 members. The team leader must register the team beforehand.

How to Play:

- This game consists of X clues, each one leading to the next. The clues will be in the form of QR codes hidden and spread across the MNIT campus.
- On scanning the QR code with the help of a phone or a digital scanner, you will receive a part of an image and clue to the next location.
- The first QR code will be scanned at the starting location.
- There will be a total of 9 clues, from which you will get 9 partial images which you will have to reconstruct to form a proper image.
- The image will be a five member photo where you have to pose accordingly as in the photo.
- Once you take the photo, you have to send the photo to the host of the event, and if correct, that team will be deemed as the **winner** of the image hunt.

Event Rules:

- Teams must stay together.
- Teams should not tamper with other teams' clues/QR codes.
- The organizing team's decisions are deemed final and binding.
- Damaging any clues will result in disqualification.

Prizes Worth: Rs. 3,000
